## BY-LAW No. 7.

*A By-Law to provide for the Public Health of the City.*

WHEREAS it has been deemed advisable to pass a general by-law for the preservation of the public health, and to regulate and govern scavengers in the City of Vancouver;

Now, therefore, the Mayor and Aldermen of the City of Vancouver, in Council assembled, enact as follows:—

1. This By-Law shall be designated "The Public Health By-Law of the City of Vancouver."

2. From and after the passage of this By Law the Board of Health shall have a general supervision over all matters, things and officers within the City in any way appertaining to the public health.

3. When it is deemed indispensable for the preservation of the public health, and for the more effectually carrying into effect the sanitary conditions of this By-Law, it shall be lawful to appoint a member of the medical profession to be Medical Health Officer during the pleasure of the Council, and whose duties and remuneration shall be specially defined by By-Law of the Council from time to time.

4. In the absence of such appointment of such medical officer it shall be lawful for the Chairman of the Board of Health, upon being informed by the Health Inspector or Chief of Police that any family or person is in sickness and destitute, to require by a written order, and not otherwise, some member of the medical profession at once to proceed to visit such person or family, and upon such visit to take such measures for their immediate relief as to him may seem requisite, either by reporting them as fit subjects to be removed to the general hospital, or other place provided for that purpose, or by supplying them, or directing them to be supplied, with the requisite medicine for their relief at the expense of the City; and a regular and correct account of each case, and of any such expenditure, shall be kept by him; and a return of the same shall be made to the Board of Health from time to time.

5. The Medical Health Officer shall have charge of the City Quarantine or Small-pox Hospital, and shall have power, when authorized by the City Council, to employ such assistants and nurses as he may deem necessary, and it shall be his duty to see that said hospitals are supplied with suitable furniture, nourishment, fuel and medicines, and that persons dying therein, or in other places under the charge of the City, are decently and promptly buried at the expense of the City; provided such deceased persons have not the means to defray their own expenses of sickness or burial.

6. The Medical Health Officer shall have power to stop, detain and examine every person coming from a place infected with a pestilential or infectious disease, in order to prevent the introduction of the same into the City.

7. The Medical Health Officer shall have power to destroy or disinfect, as in his judgment may be deemed proper, any furniture, wearing apparel, goods, wares or merchandise, or articles of property of any kind, which shall be exposed to, or infected with a contagious or infectious disease.

8. The Medical Health Officer shall have power to require the occupants of any dwelling-house, store, shop or other building in which there shall be any person sick with small-pox, varioloid or other infectious disease, to put up and maintain in a conspicuous place, on the front of said dwelling-house, store, shop or other building, a card or sign, to be furnished by the Committee on Health, on which shall be written or printed in large letters the word "small-pox," or name of such infectious disease, and in case of the neglect or refusal of any person to comply with such requirements, to remove the patient to the hospital.

9. That every physician shall report to the Chairman of the Board of Health, or to the Medical Health Officer of the City of Vancouver, in writing, every person having a contagious disease, such as cholera, scarlet fever, typhus fever, small-pox, diphtheria, or any of the grades of such diseases, (and his or her place of dwelling and name, if known), which such physician has prescribed for or attended for the first time since having such disease during any part of the preceding twenty-four hours, but not more than one report shall be required in one week concerning the same person; but every attending or practising physician thereat must, at his peril, see that such report is or has been made by some attending physician.

10. That it shall be the duty of each and every practising physician in the City to report in writing to the Chairman of the Board of Health, or to the Medical Health Officer, the death of any of his patients who shall have died in said City of contagious or infectious diseases within twenty-four hours thereafter, and to state in such report the specific name and type of such disease.

11. That every keeper of every boarding house or lodging house, and every inn-keeper or hotel-keeper shall, within twenty-four hours, report in writing to the Chairman of the Board of Health, or the Medical Health Officer, of any person being at any of the aforesaid houses or hotels, and attacked with any contagious disease.

12. That it shall be the duty of every person knowing of any individual in said City sick of any contagious disease (where such person shall have reason to regard such individual as neglected or not properly cared for, and to avoid giving such disease to others), and the duty of every physician hearing of any such sick person, who he shall have reason to think requires the attention of the Health Officer, to at once report the facts to the Chairman of the Board of Health, or to the Medical Health Officer, in regard to the disease, condition and dwelling place, or position of such sick person.

13. That no person shall sell, exchange, or in any way make any exposure of any articles that have been exposed to any contagious disease, or are liable to communicate such disease till after the same have been adequately cleaned and disinfected.

17. It shall be the duty of all physicians, upon discovery of any contagious or infectious disease, to instruct the parents or guardians of any child or minor who may be residing at the infected premises, of the provisions of the above section, and it shall be the duty of any principal or teacher of any public, private or sectarian school in this City to report at once to the Chairman of the Board of Health, or to the Medical Health Officer, in writing, any violation of the above section.

18. If any teacher resides or lodges in any house where infectious disease exists, and of which he or she is cognizant, then such teacher shall at once inform the School Board under which he or she acts, and he or she shall not again enter his or her school, or other public place, until all danger of carrying infection is over, duly certified by a physician or the Medical Health Officer.

19. That no person having the small-pox, varioloid, or other contagious disease named and provided for in Section 7 of this By-Law, shall go about the city, or in any yard, commons or place so as to endanger the health of others.

53. No person, company or corporation shall, within the City, empty, clean or remove the contents of any privy-vault, sink, or private drain, or cesspool, or reservoir into which a privy-vault, water-closet, stable or sink is drained, without having first obtained a license so to do; provided that the owner, occupant or agent of any property within the City shall be allowed to remove any or all nuisances therefrom themselves, without having to employ a night scavenger for that purpose; provided, also, that such work be done according to the provisions of this By-Law, and to the satisfaction of and according to the directions of the Health Inspector.

54. Every person, company or corporation applying for a license as night scavenger shall, if his application be accepted, pay a license fee of ten dollars and execute a bond in the penal sum of five hundred

dollars, with two sureties, to be approved of by the City Council, conditioned that the said scavenger will comply with the conditions of this By-Law, and every By-Law which may hereafter be passed by the City Council, touching their said employment, and will also comply with and obey orders, directions, and regulations of the Board of Health, or Health Officer of the City; provided that such license shall not be granted until the Board of Health is satisfied that the applicant is provided with the necessary appliances for carrying on scavenging, in accordance with the provisions of this By-Law.

55. The cleaning, emptying, and removing of the contents of privy-vaults, sinks or private drains, shall be done in an inoffensive manner, and any scavenger having begun any such scavenger work shall, without any interruption or delay, finish the same, and shall in every instance leave the privy-vault, sink or private drain in as good condition upon the outside, as when the work was undertaken.

56. The Health Inspector shall have the power to enter upon any premises, between sunrise and sunset, and examine any vault, sink, privy or private drain.

58. When requested, the scavenger shall cleanse or empty any vault, sink or private drain, or privy, and remove any or all nuisances.

59. No privy-vault, sink or private drain shall be opened nor the contents thereof disturbed or removed, between the hours of six o'clock a.m. and ten o'clock p.m. of any day, nor shall such contents be deposited or buried within the city except upon the special permission of the Health Inspector, and in such manner and places as shall be by him directed, and if any night scavenger shall not bury said contents as above provided, and cover the same so as to prevent any smell arising therefrom, his license shall be immediately forfeited and annulled; any person violating any of the provisions of this section shall be subject to the penalties hereinafter described.

60. Scavengers who engage in the business of removing the contents of privy-vaults, sinks or private drains at night shall cause to be painted upon the waggon box of their waggons in letters and figures, their names and the number of their license, and shall also carry a lighted lamp with plain glass fronts and sides with the number of license painted with black paint on the sides and front of said lamps in distinct and legible figures, at least 2 inches in size, and so placed that said lamp may be distinctly seen and said number easily read.

61. Night scavengers shall receive twelve and one half cents for each cubic foot of the contents removed of any privy-vault, sink, or private drain, or cesspool, by them cleaned out or removed, and they may demand and receive their fees for such services in advance; provided that when such fees are demanded and received in advance, the work for the same must be completed within twenty-four hours after such receipt.

62. Whenever it shall become necessary to empty any privy or privies, or remove any night-soil from any premises within the City, or on cleaning yards, cellars, back kitchens, or any other premises whatsoever, any impure or offensive effluvia should exist, such disinfectants shall be used by the person or persons emptying such privy or privies, or removing such night-soil from such premises, as shall render the effluvia as inoffensive as possible.

63. The City Council shall have power to license from time to time as many persons, upon such terms, and with such conveyances and appliances as they may deem necessary, for the removal of garbage, offal, swill and ashes.

64. Every person so engaged shall be deemed a "day scavenger," and shall at all times be subject to the rules and regulations of the Board of Health and the By-Laws of the City; and shall pay a similar fee and provide like bonds as provided for by clause 54 of this By-Law; provided, however, that one scavenger license will permit any person to carry on the work of both night and day scavenging without extra fee.

65. Any cart, waggon or other vehicle used, or intended to be used for the purpose of conveying swill, offal or garbage, shall be perfectly tight and covered, so as to prevent the contents thereof from leaking or spilling; and such cart, waggon or other vehicle, when not in use, shall not be allowed to stand in any high-

way, street, lane, alley, public place or square.

66. That the fees to be charged by day scavengers shall be regulated by this Council as from time to time it shall see fit, and any charges in excess of those so made shall be considered a breach of this By-Law.

67. All rates and charges authorized under this By-Law unless paid, shall be collected by summary process before the Mayor or Justice of the Peace trying the case, and the seizure and sale of the goods and chattels of the person or persons entitled by this By-Law to pay the same.

68. Any person or persons guilty of an infraction of any of the provisions of this By-Law shall, upon conviction before the Mayor, Police Magistrate or any Justice or Justices of the Peace, having jurisdiction in the City of Vancouver, on the oath or affirmation of any credible witness, forfeit and pay at the discretion of said Mayor, Police Magistrate, Justice or Justices convicting, a penalty not exceeding the sum of fifty dollars and costs for each offence, and in default of payment thereof, it shall be lawful for the Mayor, Police Magistrate, Justice or Justices of the Peace convicting as afore said, to issue a warrant under his hand and seal, or in case the said Mayor, Police Magistrate, Justice or Justices of the Peace, or any two or more of them acting together therein, then under the hand and seal of one of them, to levy the said penalty with costs, or penalty or costs only, by distress and sale of the offender's or offenders' goods and chattels, and in case of no sufficient distress to satisfy the said penalty and costs, or penalty or costs, it shall and may be lawful for the Mayor, Police Magistrate, Justice or Justices convicting as aforesaid, or of any one of them, to commit the offender or offenders to the Common Gaol, or any lock-up house in the City of Vancouver, for any period not exceeding two months, unless the said penalty and costs, or penalty or costs, be sooner paid.
